Sunday - U19 Junior Men	40 minutes	3:30 PM	\$10 Prizes - 5 Deep

**KISSENA**

PLEASE NOTE-Super Cross Cup (UCI C2) returns to Eisenhower Park for 2012. We are excited to return to this fine venue for another year of racing.

Directions:

From NYC:

take the Grand Central Parkway to the Northern State Parkway and follow the "north shore" directions below
OR take the Belt Parkway to the Southern State Parkway and follow the "south shore" directions below

From Long Island:

From the north shore, take Northern State Pkwy exit 31 to Meadowbrook Pkwy south. Exit M3 on Meadowbrook, take right at exit and then immediate left onto Stewart Ave. eastbound. Proceed straight across Merrick Rd into park; follow signs for parking. From the south shore, take Southern State Pkwy exit 22N to Meadowbrook Pkwy north. Exit M3 on Meadowbrook and take right onto Stewart Ave eastbound. Proceed straight across Merrick Rd into park; follow signs for parking. Nearest parking lot is 6, which is the last lot of the left. Races are located in Nassau County Memorial Park, which is inside Hempstead park. **Note that all parkways are passenger vehicles only; commercial vehicles will have to take local streets to get to Merrick Rd to enter park.**

Helmets are mandatory for all fields. Eye protection strongly encouraged. USAC license required for all fields.

Licenses will be available on site (\$10 USAC one-day, \$60 USAC annual). Mountain bikes without bar-ends permitted. No aero-bars permitted. Single speeds (with brakes) are permitted - however fixed gears are not permitted.. We reserve the right to combine fields with less than 15 entrants.

Registration:

Online at <https://www.bikereg.com/Net/17443>. Day of registration available and closes promptly 15 minutes before your race. \$10 fee for day-of registration, **so pre-register on BikeReg!!** Contact Myles Romanow 631-255-9568 or ilovetoracecross@yahoo.com.

Nearest Hospital
Nassau University Medial Center
2201 Hempstead Turnpike
East Meadow New York
11154

(516) 572-6051

Check out the over 200 photos from 2010 courtesy of Eloy Anzola, and get ready for another year of great racing !

Field Sizes:

Note: For the races with combined fields the 125 field limit is for the COMBINED field, not each individual field.

BikeReg is set so that once the limit has been reached for the combined field, registration will close for each of the individual fields within that combined field.

The course will be open for inspection and warm-up approximately 15 minutes prior to each event. The officials will make an announcement when the course has been opened for inspection. Warming up on the course during an event is strictly prohibited and will not be tolerated. We suggest you inspect the course at least two slots before your race as you will need to get to the starting grid 15 minutes before your start time for staging.

Accommodations:

We are working on securing a hotel package like in year's past - more info coming soon. If you want to book now, folks have previously stayed at the Red Roof Inn.

Red Roof Inn
699 Diblee Drive
Westbury
516 794 - 2555
