ABOUT THE CCAP

This event is in support of the CT Cycling Advancement Program. The CCAP is a charitable 501(c)3 organization that is giving kids access to the activity of cycling across the state. As a youth-focused organization, we help schools and towns start sustainable cycling club programs; we provide juniors with the opportunity to race around New England as part of a program; we provide juniors with the opportunity to race around New England as part of a competitive travel team; and we provide leadership and further mentorship for promising young riders through our successful pro-am team program. In less than two years, we have assisted the creation of 28 youth cycling clubs, comprised of over 400 kids and have launched the state's first high school cycling league.
